Re: Middle School Pipeline Installation Labor

Dear Ms. Mora:

Enclosed is an invoice for the labor costs incurred during the installation of pipeline to serve the Beaumont Unified School District Middle School. The labor was not included in the original total cost of the project.

As indicated by the attached spreadsheets, the funds submitted by the City of Beaumont on behalf of the Beaumont Unified School District on December 30th, 2001, in the amount of $779,811.53 have been allocated. Please note that the funds submitted did not cover the cost of labor and as such, the District has submitted invoice no. 0324 for payment.

Per direction of the District's General Manager, Chuck Butcher, the District will be unable to provide additional construction water and/or meters without first receiving payment for the outstanding balance.

Do not hesitate to contact me if you have any questions and/or if additional information is needed.

Sincerely,

Julie J. Salinas

RE: CFD Water Meter Fees

Dear David:

Thanks for taking the time at the site yesterday to speak with me out at the Oak Valley Greens site. As I mentioned, the attached water bills for meters located along Oak View Drive were sent to our office by mistake and should be billed to the CFD. As you are aware, we paid the original fee and installed the water meters prior to the CFD starting construction of the Oak View Drive landscape improvements (this is why the bill was sent to my office). Following the start of construction however, the CFD was responsible for the water charges. I also met with Aurielle at the Water District yesterday who supplied me with the attached change of ownership forms and stated that due to the mix up they would waive the penalty charges.

Should you have any questions, please call Aurielle and the District Directly or feel free to contact me at my office at (949) 477-6399.

Sincerely,

David A. Hudson
Vice President of Forward Planning

Re: Market Absorption Study
CFD No.93-1 Improvement Area No. 6A – Seneca Springs by Empire Homes

Dear Dave,

Empire Economics completed the Market Absorption Study for CFD No.93-1 Improvement Area No. 6A-1 (Seneca Springs by Empire Homes), and distributed this Study to the Finance Team on December 10, 2004.

The consulting fee for Phase I amounted to $14,000 and this Study was to be ready for distribution on December 1, 2004. However, at our meeting on November 30, 2004, Empire was given direction to also perform a Study for Phase II; the supplemental fee for this is $5,750.

Empire Economics will, of course, continue to respond to any additional comments or questions, so that the City has a timely Markey Study Summary available for the Official Statement.

I am looking forward to assisting you with the Bond Financing for CFD No.93-1 Improvement Area No.6A-1 (Seneca Spring by Empire Homes)!

Sincerely,

Joseph Thomas Janczyk, Ph.D.

Reference: **Certified Payroll Reports**
Project: **Taylor Reservoir Tank**

For your reference, this is an explanation for each payroll period, the classifications, and the hourly rates actually paid which may differ from the wage determination rates due to the following deductions.

Additionally, I have attached a **"Prevailing Wage Deduction Report"**, whereas for each person working on a prevailing wage job, there are deductions from their hourly rate for Health, Dental, & Life Insurance plus Incentive/Vacation pay. These deduction amounts is what it costs Superior Tank Co., Inc. for each employee, per hour for his or her benefits paid monthly and these benefits are already included in the PVW Rates therefore, we are allowed to deduct from the "Health & Welfare" portions and "Vacation" payments allowed by the DIR..

You will notice that each employee's deduction will differ as our "health" insurance is age rated. Additionally, some of the employee's do not have all the benefits, so not all deductions are withheld on all employees, you well need to refer to the attached list.

The deductions listed under "Other" are for other deductions, i.e., "dependent" health & dental insurance, uniforms, cash advance re-payment loans, wage levy's i.e. child support and the Training Fund deduction. These deductions are not taken from the employee, but are taken as a lump sum weekly deduction from the employee's net wages earned. These deductions are consented by the employee and or demanded by the courts.

Thank you,

Nancy Vargas

PREVAILING WAGE BREAKDOWN FORMULA

(Samples below)

STEP I

DETERMINE THE CLASSIFICATION, LOCATION & HOURLY RATE TO BE PAID TO THE EMPLOYEES

BOILERMAKER $40.46 OR 40.96 AND/OR LABORER/GRP 1 $29.27 0r 29.82

STEP II (Determine the hourly rate)

DEDUCT FROM THE HOURLY RATE ANY HEALTH/DENTAL AND/OR ANY OTHER FRINGE BENEFITS BEING PAID BY THE EMPLOYER I.E.

A. HEALTH=167.56/MOS DENTAL=35.68/MOS= $203.24 MONTHLY

B. TAKE 203.24 X 12/MOS. DIVIDE BY 52 WEEKS & THEN DIVIDE THAT BY 40 HOURS PER WEEK, I.E.

203.24X12= $2438.88 DIVIDE BY 52 WEEKS = $46.91/WK
DIVIDE THIS BY 40 HOURS/WK = $1.18PLUS .30 INCEN= $1.48/HR.

C. TAKE THE PREVAILING DEDUCTION RATE AND SUBTRACT IT FROM THE P.V.W. HOURLY RATE, I.E.

BOILERMAKER $40.46 LESS 1.48 = $38.98 (NEW HRLY RATE)

LBR/GROUP 1 $29.27 LESS 1.48 = $27.79 (NEW HRLY RATE)

STEP III - BOILERMAKER (Training Fund)

TAKE THE T/F AMOUNT OF .40 AND MULTIPLY IT BY WHATEVER HOURS THE EMPLOYEE WORKED ON THAT JOB AND DEDUCT IT FROM HIS TOTAL NEW EARNINGS, I.E.

38 HOURS X .40 = $15.20 / THIS AMOUNT IS DEDUCTED FROM THE EMPLOYEES CHECK AND PAID DIRECTLY TO THE CALIFORNIA APPRENTICESHIP COUNCIL
